

THOMAS HORTON LLP's 1ST ANNIVERSARY

For those of you who remember, this time last year Thomas Horton LLP was planning the opening of its new office in Barnt Green. The decorators were in and out changing the appearance of the office from the previous estate agents who had occupied it.

The firm opened for trade on 22nd January 2009 – a date that has previously been declared as the “worst day of the year”. Its launch party was on the 29th January at Barnt Green Parish Centre, which many local people attended. The office was formally opened by Digby Lord Jones of Birmingham Kt. who was very positive towards the firm given the difficult circumstances faced by everyone in 2009.

The firm believes it has been made to feel extremely welcome by the locals of Barnt Green and has been pleased to welcome 42 new clients in its first year of operation. It is grateful for the positive feedback received by the staff in the office.

Thomas Horton was happy to help with the 2009 Barnt Green Festival which was a great event for the village as a whole and is looking forward to the new Scout Hut opening once the building work has been completed.

The firm is hoping to see more new clients in 2010 and there will be a 5% discount on its domestic conveyancing fees given to any new clients who instruct them during February. The only criterion is that you call into the Barnt Green office.

Thomas Horton LLP would like to thank everyone for their support during 2009 and hopes that 2010 heralds the economic recovery everyone is waiting for!
